To Whom it May Concern:

I am filing this waiver for my library's USAC form 471. The docket number is 02-6. The form 471 application number is: 161019118. The BEN number is: 131892. The FRNs associated with this application are: 1699143782 and 1699143783. I am requesting the waiver due to filing outside of window.

The reasons for the late filing are as follows: 1. I tried multiple times to complete the form in the EPC, but my school district had not supplied the information necessary to calculate the discount. The system, therefore, would not let me continue past the discount page. USAC Customer Service ultimately had to input the information. 2. I confused the closing date of the window with July 28. When I returned to the form on July 22 I was under the false assumption that I still had six days to complete the filing. Then I saw the window notice. I continued with the filing after USAC Customer Service advised me that it was still possible to file. 3. Preparations for several thousand bicyclists staying overnight in our town on RAGBRAI kept me from spending the time on this filing that I normally would have put in; which otherwise would have alerted me to July 21 being the closing date.

Any help you can give in this matter would be appreciated.

Sincerely,

Darlene Richardson, Director
